Carthage, 6; Manilla, 4 (first half).

Rushville high school's hopes of going to the semi-finals in the state basketball tournament, at Bloomington next week, were knocked into a cocked hat by the diminutive Decatur county team from Sandusky, in the two o'clock game of the local sectional this afternoon.

Sandusky played Rushville off their feet winning 24 to 14, after Rushville regarded the sectional won when they defeated Milroy Friday night, 18 to 16.

Sandusky has no gymnasium, but has been practicing at Greensburg once a week during the season. They have been defeated by Milroy on Milroy's floor several times this season.

Just what team will oppose Sandusky will be decided upon in the three o'clock game when Manilla and Carthage were fighting it out. The fact that Manilla defeated Carthage here two weeks ago today, gives the Manilla team a slight advantage, although the tables might be turned at any time.

## FORREST WEBB, 26, DIES OF TUBERCULOSIS

Well Known Young Farmer Expires This Morning Following a Long Illness

WIDOW AND SON SURVIVE

Forrest Logan Webb, aged 26 years, a prominent young farmer of this county, expired at his home five miles south of this city this morning at 8:30 o'clock. The deceased had been ill for the past year, death being caused by pulmonary tuberculosis following the influenza.

Mr. Webb was a graduate of the Rushville high school and had attended Valparaiso University. In both institutions he held high honors in athletics. Later he took up agriculture and had assisted his father as a sale clerk, in which position he made many friends by his kindness and efficiency.

The deceased was a member of the Pleasant Ridge M. E. church, having united with the church at the age of 12 years. On October 18, 1917 he was united in marriage to Miss Ione Brown of Manilla and to this union one child, a little son, was born.

Surviving are the widow: one son, Hugh Vernon; his parents, Mr. and Mrs. LaRue Webb; his aged grandparents, Mr. and Mrs. Isaac Webb and a host of relatives and friends. The funeral services will be conducted at the home Monday afternoon at 1:30 in charge of the Rev. R. A. Urey of Arlington. Burial will be made in East Hill cemetery.

## Eight Point Lead Still Milroy Jonah

Able to Pile up Lead Early in Game With Rushville Friday Night But Local Wrecking Crew Ties Score and in Last Half Becomes Pace-maker, Never to be Headed.

What was regarded as the deciding game in the tournament took place last night at 8:30 when the red and black wrecking crew from Rushville again came from behind and won out over the Milroy team by a two point margin, 18 to 16.

An eight point hoodoo seemed to follow Milroy in their chances this year with Rushville. In a game played here on December 22, Milroy had an eight point advantage at the end of the first half, 12 to 4, and Rushville took a spurt and overcame the lead, winning 18 to 17; last night Milroy ran up the score in the first half to their eight points to Rushville's nothing, but shortly before the half ended, the locals began to get warmed up, and when half time ended the score was tied at 8 points.

At the beginning of the second half Rushville took the role as pace-maker and Milroy never got ahead nor tied the score, after having showed up in big style for the first ten minutes of play in the first half.

Rushville continually broke through the defense offered by Milroy in the last half and with only three minutes to play, the score was 18 to 12, but Milroy took two goals in quick succession that for a time threatened to tie the score.

While Milroy seemed to have the best of things for the first ten minutes of play, yet Rushville displayed its superiority by overcoming an eight point lead. Milroy this season lost only three games, dropping one to Greensburg and two to Rushville.

It is an undisputed fact that Milroy has a wonderful team, but they are unable to stand up under a bombardment, after apparently having things their own way early in a game. On the Rushville team no one player could be singled out as an individual star; they all played their best and while points win the game, yet the manner in which the ball is worked around to the successful goal shooter, is equally as important.

In the mix-up much credit is due Miller and Eakins for their scrappy playing and floor work, and the two Headlee brothers contributed their share in the fight. Frazee at back guard was in his usual form and was in the fight all of the time, often venturing to the center of the floor.

The Milroy quintet also proved to be good scrappers, and probably Stewart and McKee, the two forwards, stood out above the rest of the players, and each had a keen eye for the basket. Osterling, the center, was kept busy guarding Rushville's most dangerous goal shooter, E. Headlee, and as a result the Milroy center failed to connect, while E. Headlee, found the net twice.

While the score was 18 to 16, with only a moment left to play, McKee took a shot, which looked good to tie the score, only to have the ball hesitate and roll off the hoop. Eakins for Rushville dribbled through the Milroy defense twice in succession in the last half, making good on one shot, and his shot rolled around the hoop, only to drop off.

The game was exceedingly fast and clean, Milroy making only one foul, while Rushville made four. None of the fouls was converted into points. Milroy insisted upon both officials, and Bacon acted as referee and Busenburg served as umpire. The score and summary:

Rushville (18)	Milroy (16)
L. Headlee	F. Stewart
Miller	F. McKee
E. Headlee	C. Osterling
Eakins	G. D. Jones
Frazee	G. Harcourt
Substitutions, Milroy, Cowan for McKee, McKee for Cowan.	

Field goals: L. Headlee, Miller 3, E. Headlee 2, Eakins 3, Stewart 3, McKee 3, D. Jones 1, Cowan.

## WILL PROTECT AMERICANS

War Vessels Dispatched to Panama and Costa Rican Coast

Washington, Mar. 5.—American war vessels today were dispatched to the coast of Panama and Costa Rica to protect any American interests which might be endangered by hostilities between those countries, the naval department announced. Dispatch of the American vessels was at the request of the state department which was advised that the Costa Rican forces have invaded territories belonging to Panama and that the invasion of the Costa Ricans is a menace to American property.

## OATH TAKEN BY THE NEW CABINET

Harding Administration Shoulders Burdens of Government, New Chief Spending Busy Day.

APPROVES 3 APPOINTMENTS

Also Meets Five Members of Cabinet Confers With Leaders of the Senate and House.

(By United Press)

Washington, Mar. 5.—The Harding administration were shouldering the burden of government today.

New cabinet officers took the oath at 9:45 o'clock in the presence of Bainbridge Colby, the retiring secretary of state, and retiring under-secretary, Davis.

President Harding started to work on his administration at full speed the first day in office. At his desk early in the morning, Harding before noon conferred with 5 cabinet members, approved three important appointments and talked with Senator Lodge and Representative Mondell, republican leaders in the house and senate.

Edward Henning of San Diego today was appointed assistant secretary of labor. His appointment was the first official act of Secretary of Labor Davis. Henning will take the post vacated by Louis Post and was given the oath of office immediately after Davis took it.

Major General John A. Lejeune will be continued as commandant of the marines corps, Secretary of Navy Denby announced today. George Barnett who was former commander of the corps will be promoted to permanent rank of major general.

The new under-secretary of state, Henry P. Fletcher and other officials of the state department, witnessed the induction of Charles E. Hughes. The most formidable tasks facing the new administration must be handled by Secretary of State Hughes, Secretary of Treasury, Andrew Mellon, Secretary of Navy Edwin Denby and Secretary of War John Weeks.

Hughes must execute Harding's policies in defending future international relations or plan for a new association of nations.

Harding in his inaugural address turned his back on the league of nations. Peace with Germany is to be made by the passage of the Knox resolution, according to the assumption here, with the immediate withdrawal of American troops from Germany.

Hughes also must take up the mandatory controversy with allied powers and also the American contention for "open doors" in foreign powers and also the American contention for "open doors" in foreign enemy territory. To Mellon falls the task of settling questions of the allied debt of ten billion dollars and execute a new revenue policy to be framed by congress. Denby must formulate the American navy policy toward world disarmament and decide the question of the superiority of the battleship or the airplane. Secretary of War Weeks' problems are expected to be more internal, one of army organization.

## NEW PASTOR TO PREACH

There will be preaching services at the Glenwood Christian church both morning and evening Sunday by the new minister, the Rev. Omer Hufferd.

## MRS. SUE STANLEY DIES AT ARLINGTON

Widow of the Late John J. Stanley Expires Friday Evening After Illness of Nearly a Year

TWELVE CHILDREN SURVIVE

Mrs. Sue Stanley, age seventy-one years, died this morning at her home in Arlington Friday evening at 5:40 o'clock following an illness of almost a year's duration. The exact cause of her death was not determined.

Mrs. Stanley was the widow of the late John J. Stanley who died twenty-one years ago. She was born October 28, 1849 and lived in the vicinity of Arlington most of her life. The deceased was a member of Arlington Christian church, where the funeral services will be held.

Twelve children survive as follows, five daughters and seven sons: the Misses Alice and Mary Stanley, who lived at home; Mrs. Anna Talbert of Morristown; William P. Stanley, living north of Arlington; Mrs. Pearl Hodges of Straughn; H. B. Stanley of east of Arlington; Mrs. Eva Allenthorpe of Colorado, and John L. I. W., Walter, Omer E. and D. L. Stanley of Montana.

The funeral services will be held Tuesday afternoon at 1:30 o'clock at the Arlington Christian church and burial will take place at East Hill cemetery, Arlington.

## GOVERNOR'S DESK HIGH WITH BILLS

Indianapolis, Ind. Mar. 5.—Governor McCray was at his office before eight o'clock today to clear his desk of a mass of legislation passed by the general assembly and awaiting his signature.

There was a steady stream of senators and representatives pouring in and out of his office, seeking appointments with him to urge favorable action on bills in which they are particularly interested. But the governor now is a pretty hard man to see because his desk is piled high with bills and there are only a few days left until sin die adjournment Monday in which to dispose of them.

Senator Hogston's bill providing for two platoon fire departments in towns of 7,500 and up to 15,000 was sent to the governor after it had passed the house 68 to 12.

Another salary boost was also passed by the house. It was Senator Nichol's bill increasing the salaries of state bank examiners from \$3,000 to \$5,000.

## CABINET OPPOSED TO REPARATIONS

London, March 5.—The German cabinet was unanimously opposed to the acceptance of allied reparation terms, the German delegation here was informed today. The cabinet met in Berlin yesterday and the result of the meeting was transmitted to the delegation here early today.

The German representatives have resorted to secret diplomacy in order to avert hostilities on Monday when the allied ultimatum expires on the allied reparations demand.

Both sides realize the importance of reaching an agreement and hope to resume negotiations to attain an understanding. Neither side wants a breach but on the contrary they want to end the situation and to reach an agreement over the weekend.

After unsuccessful efforts to communicate with Sigmund Bergmann one of the German financial experts, Premier Lloyd George's office finally got in touch with him early today. That the premier took the initiative in the arrangement for this conference is positively known. The Germans count on getting additional proposals Monday. They expect to arrange something that will furnish the basis for the negotiations. The allies do not want to do anything that will lead to abrupt termination of the conference, it was said here today.

## JOHN MAUSNER SUCCEUMBS

Born in Germany and Came to America When 21 Years Old.

John Mausner, age eighty-one years, died this morning at his home in East Ninth street, of pneumonia. He had been in poor health for the past two years, but was confined to his bed only three or four days previous to his death.

The deceased was a native of Germany and came to this country when twenty-one years of age. He was a member of the United Brethren church, whose pastor, Mrs. Emma Miller, will conduct the funeral services at the late residence Sunday afternoon at 2:30 o'clock, and interment will take place in East Hill cemetery. Mr. Mausner is survived by the widow and five grandchildren.

## DR. C. H. PARSONS SUCCEUMBS TODAY

Rushville Physician Never Recovers Consciousness After Being Stricken Tuesday at 8 A. M.

BORN NORTH OF THE CITY

Spend Life in Practice of Medicine—Served Four Years as a Councilman-at-Large.

Dr. Charles H. Parsons, age sixty-six, a native of Rush county and for many years a practicing physician of Rushville, died at his home 410 North Main street, at 12:15 p. m. today of paralysis.

Dr. Parsons was stricken Tuesday morning at eight o'clock and had been hovering near death for approximately one hundred hours. His life was despaired of from the first because it was not believed that he could recover from the stroke. He never regained consciousness.

Dr. Parsons was the son of Mathias and Mary Parsons and was born on the old Parsons homestead a short distance northeast of Rushville. He was educated in the common schools of the county and studied medicine in Belleville Hospital, college, New York City, where he was graduated.

Dr. Parsons returned to Rushville when a young man and took up the study of medicine under the late John Moffett and soon went into the general practice for himself. He was married to Miss Sarah Sexton, daughter of Dr. Marshall C. and Elizabeth Sexton, in December, 1878. One son, John, was born to Dr. and Mrs. Parsons, and he died in 1893.

Dr. Parsons took a very active interest in public affairs during his life and was a very ardent and sincere member of the Main Street Christian church. He held many official positions in the church and for many years was a faithful teacher in the Sunday school. For several years he taught the Men's Century class but in more recent years he had been teaching a women's class.

Dr. Parsons was a zealous member of the democratic party and in November, 1909, was elected a member of the city council as councilman-at-large on the democratic ticket. He served a term of four years, which expired December 31, 1913. During his incumbency, Dr. Parsons devoted much time to the city's interests and was not at all times in agreement with the city administration. He was very sincere in his efforts to perform a real public service, being councilman at a very trying time when the water supply of the city was threatened.

Dr. Parsons was a member of the pension board and during the war served as a member of the medical advisory board for the physical examination of men registered for service under the conscription act. In recent years Dr. Parsons was not very active in the practice but devoted much of his time to the management of the Parsons farm northeast of the city.

Besides the widow, the only survivor of the deceased is Mrs. Mary Parrish of Indianapolis, a sister. The funeral arrangements had not been completed this afternoon.

Republican Legislators Are Busy in Effort to Carry Out Party Platform Pledges

MONDAY IS IN THE LAST DAY

During Present Session More Than 9 Planks of State Platform Have Been Provided

(By United Press)

Indianapolis, Ind., Mar. 5.—Republican members of the Indiana legislature were working feverishly here today in an effort to carry out their party platform pledges for legislation before sine die adjournment Monday midnight.

During the present session, more than nine planks of the state platform have been provided for in bills introduced in the legislature.

Among the most important platform measures introduced are:

Three bills providing for soldiers memorial building, all of which originated in the house of representatives and remain there.

Two senate bills dealing with the primary system and one to abolish the primary law originating in the house, all of which are dead by common consent.

A house bill to increase the salaries of school teachers, still pending in the senate.

A house bill to amend the present tax law, now awaiting final action by the senate.

The senate bill providing for a budget system for handling state finances still awaiting final consideration by the house.

House bills to raise the standard of education, signed by the governor.

House and senate bills to "preserve law and order", pending in one branch or the other, having received favorable action by the house of their origination.

A bill appropriating money for reorganization of the state national guard has been signed by Governor McCray.

When democratic legislators have tried to put through certain bills in compliance with their platform pledges, they have failed because of the overwhelming majority of the republicans in both the house and senate.

The closing days of the 1921 session found the Legislature more or less engaged with bills for the regulation of various things. Most of them, however, were disposed of without much trouble. A marked tendency was displayed by some members and some interests through-

## NEW MEMBERS FROM RUSHVILLE ARE ADDED

Ten Local People Among Number Joining State Historical Society in Last Week

MOVE TO FORM LOCAL SOCIETY

Ten new members from Rushville have been added to the State Historical Society, according to an announcement made at the office of the society in Indianapolis. More than one hundred names have been put on the membership role in the last month, which the state society regards as a historical "boom" which is growing with increasing momentum throughout the state.

It is also reported that there is a movement under way in this county to form a historical society to be in readiness for the celebration of the Rush county centennial a few years hence. County societies are being organized all over the state.

New members from Rushville include the following: Ralph Payne, E. B. Thomas, Anna L. Bohanna, Amos R. Baxter, Mrs. J. D. Case, Will O. Feudner, Glen E. Foster, Earl H. Payne, Fred R. Beale, and Frank Melwain. Numbered among the new members is Charles B. Stifler of Detroit, Mich., formerly of this city.

## MEMBERS PUT IN THEIR LAST LICKS

Continued from Page One  
out the state to ask for special legislation. Two bills were introduced to provide for the regulation of rent for dwellings and apartments. These were killed in the Senate owing to the fact that sentiment was not strong in their behalf.

Another special bill over which there was controversy and amusement was introduced by Senator Oscar Ratts, republican floor leader. It provided a penalty of from \$25 to \$250 for landlords who refuse to rent dwellings or apartments to families with children. While this bill may not have been taken seriously in the smaller towns or cities, it had a great many endorsers in Indianapolis and other large places where landlords generally refuse to rent to families with children. It is not unlikely that, if this bill had been introduced earlier, it would have been adopted, as many members said they could not understand why any property owners are objecting to renting to families with children.

In the house a bill was introduced to place an annual tax on bachelors. This bill created amusement but had no chance of passage although a similar message was adopted last week in one of the northwestern states.

The senate consumed many hours in the early part of the session discussing a bill to force manufacturers to print the formula of paint on all of the goods they sold. It was finally defeated on the ground that it was special legislation.

ally defeated on the ground that it was special legislation.

The house passed a pure seed bill in the interest of the farmers and the senate placed its approval upon it. However, it was pointed out that this bill actually was in the interest of the entire state.

Another special legislative bill which has occupied a great deal of time among the members, although it has not been in the limelight very much was the one designed to place the stock yards under the control of the public service commission. Farmers' federations were divided on this measure, some of them insisting, after discussing the subject, that whatever differences there are between the stock yards and the shippers should be settled by a joint committee of business men instead of attempting to place the stock yards under state control. This bill, in fact, attracted much attention from the business men who said that it was a dangerous tendency in that if it was adopted, it might lead to other efforts to regulate private enterprise by passage of special measures.

The only request of the anti-saloon league was for the passage of what was known as the Dunn bill, the purpose of which was to make the state-wide prohibition law conform to the Volstead Act. There was little opposition to this bill. The officials of the anti-saloon league explain that it was designed merely to enable the state authorities to prosecute liquor violations in the state courts more readily. There was, in fact, much less so-called freak legislation in this session than has been the case for many years. In line with their policy of disposing of bills rapidly, republicans on both sides of the legislature lost little time with bills introduced to bring about special legislation for certain interests.

### Amusements

#### Will Rogers at Princess.

Will Rogers appears at the Princess theater today in "Jubilo," a story in which melodrama is mixed with lots of fun. Al St. John will also be seen in a Sunshine comedy, "The Slicker." Katherine MacDonald is coming in "Passions Playground" Monday and Tuesday.

#### Love and Superstition Figure

"The House of the Tolling Bell" is the title of the photoplay which features the program of the Mystic Theatre next Monday and Tuesday. May McAvoy, the petite and charming star of "Man and His Woman", is the featured player of this newest Blackton-Pathé production, ably supported by Bruce Gordon.

The theme of "The House of the Tolling Bell" deals with the chivalry, the passion and the superstition of the South.

The plot hinges upon the division of an extensive estate among the heirs, upon the death of its old master. One stipulation of the will demands that the heir who enters the manor house must live in it for one year. To the natives of the community this abode, known as "The House of the Tolling Bell", bears an evil reputation. Woe to the stranger

who subjects himself to the "bad luck" which comes to everyone who lives in this House of the Tolling Bell.

A niece of the old master and the son of his disowned daughter, unknown to each other, take up residence there. After thrilling experiences, not altogether due to evil spirits but wicked men as well, they discover each other's presence. Young, unmarried and honorable they should not be living alone in the unfrequented house. But each one wants the estate and something must be done. The solution is such an amazing climax to so thrilling a story that to tell it would spoil the enjoyment of the picture.

The patrons of the Mystic Theatre are assured of an unusual pleasure next week for "The House of the Tolling Bell" is counted among the few really amazing photoplays of the year.

#### TO ATTEND IN BODY

The Ladies of the G. A. R., Mattox Circle, No. 51, are requested to meet in a body and give their charge at the home of John Mausner, who died this morning. Sunday afternoon at 2:30 o'clock. They will meet at the home of Mrs. William Offutt in East Sixth street, before attending the funeral.

Victor and Vanquished

Rushville won but she has great respect for her foe. It was a toss-up from the outset because two basketball teams were never more closely matched than were Milroy and Rushville when they faced out on the floor at the Graham Annex auditorium Friday night, both in fighting trim and full of pep and confidence.

Too much can not be said in praise of the class of ball played by both teams. The summary is evidence enough that it was one of the cleanest games ever contested on the Rushville floor for only five fouls were made during the thirty minutes of actual play.

There has been a very spirited rivalry in basketball between Rushville and Milroy for the last few minutes, due largely to the fact that the teams representing the high

schools of the two places have been almost on a par.

Last year at this time joy reigned unconfined at Milroy and gloom had settled thick over Rushville. It was worse than Pittsburgh; one could cut it with a knife. Milroy had the extreme pleasure of nosing Rushville out in the final game of the sectional tournament and representing the section at Bloomington. Rushville high sent its team to Bloomington to root for the victors here and the best of spirit prevailed.

Milroy demonstrated last night that they were equally as good losers and that they respected their late foe.

Rushville's prospects for going into the final state tournament in Indianapolis are good because they will most likely meet Evansville at Bloomington in the only game they will have to play in the semi-finals at Bloomington. They will now point to victory at Bloomington in order to have the distinction of reaching the finals.

Harding is 29th President

There is some difference of opinion as to whether Warren G. Harding is the 28th, 29th or 59th president of the United States.

Harding is the 28th individual to sit in the presidential chair. However, Grover Cleveland was twice president with an interval of four years between his terms. For presidential purposes, therefore, most statisticians regard him in this connection as two men and rate Warren Harding as the 29th president. "Whose Who in America" generally accepted as an authority, names Wilson as 28th president.

Counting Harding, there have been 39 times that the oath of president has been administered, including presidents who have been elected to second terms and vice presidents who succeeded the men elected to the office. On this basis, therefore, Harding would be the 39th.

Mere Recital of Questions Put up  
to Harding and Congress is  
Staggering Senators

APPEALS FOR CO-OPERATION

Harding Will Find Himself Between  
Millstones of Opinion of His  
Advisers

By L. C. MARTIN  
(U. P. Staff Correspondent)

Washington, Mar. 5.—The new President and his Congress today faced greater and more numerous tasks than any administration in American history, in the opinion of men of long service here in the House and Senate.

A mere recital of the questions put up to Harding and the 67th Congress for solution is staggering Senators and members of the House who have been looking over the job declared today.

Washington had a huge task at the end of the Revolution, Andrew Johnson and U. S. Grant had the aftermath of the Civil War to cope with, Woodrow Wilson had the world war and the making of peace, but Harding, it was pointed out, has more than all of them put together.

He has made plain to his party leaders in Congress that he understands this, and has appealed for, even demanded their co-operation.

Here are a few of the questions with which Harding and Congress must cope:

Peace with Germany.  
Decision as to the manner in which the United States will co-operate with the rest of the world (if at all) in an association of nations for preservation of world peace.

Arrangements for repayment of more than \$10,000,000,000 loaned to Great Britain, France, Italy, Russia, Greece, and a dozen smaller nations.

The Russian problem, including trade with that country.

The Japanese question, including Japanese land ownership in California and Japanese immigration.

Mexico: our relations with the Obregon government.  
Colombia: the long pending treaty to settle the Panama canal dispute.

Haiti and Santo Domingo: decision on policy to be pursued towards them.

Securing of larger rights and privileges and facilities for cable communication.

Tax revision.

The tariff.

Soldier bonus legislation.

Reorganization of the government on an economy and efficiency basis.

Reconciliation of insurgent elements within the Republican party.

Fixing of policies with respect to the size of the army and navy, particularly as to the trend of naval construction.

Establishment of a policy towards business, demanded to help stabilize and revive American industry, and involving a conflict between advocates of strict governmental regulation and those who want entire freedom from it.

Revision and repeal of espionage laws curtailing the freedom of speech and the press, involving a controversy over the need for certain safeguards against bolshevism.

The railroads: settlement of claims, adoption of a policy.

The merchant marine: adoption of a policy, including decision on Panama canal tolls for American ships.

There are many other tasks, off-shoots, in the main, of these major ones, but all complicated and perplexing. Harding will find himself, too, according to prediction, between the millstones of opinion of his advisers, some of whom want the foreign questions solved first, while others demand instant attention to domestic issues, to the exclusion of all else.

Time your shave

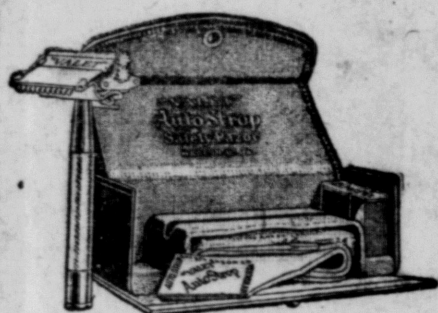

Does it require fifteen minutes  
or — three

The auto Strop Razor strops, shaves and cleans without removing a single part.

Think what this means! A blade that is always ready—stropped automatically in a few seconds—then a cool, clean shave such as only a freshly stropped blade can give.

Finally the razor is rinsed off and wiped dry without a part removed. That's razor efficiency—saving blades, saving time, and making the shave a pleasure.

PEPSINCO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart it's a sharp or acute pains; sometimes a dull heavy pain, leaving soreness. It's gas on the inside generated through gaseous foods, or, because of systematic inability to properly assimilate the food, this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications of indigestion which PEPSINCO immediately relieves. Keep PEPSINCO handy and take it the next time.

Keep Your Blood Pure

Nature Will Do the Rest

Did you know that ninety per cent of all human ailments depend upon the condition of your blood?

Nature gives her warnings in various unmistakable ways, so that when the appetite fails, and you become weak and listless and a general run-down condition seems to take possession of the whole body, it is an unfailing sign that impurities will steadily accumulate until your general health will be seriously affected. You should recognize the importance, therefore, of very promptly cleansing out the system, and keeping the blood supply pure and robust.

Get a bottle of S. S. S. at your drugstore to day, and note how promptly it builds up the appetite and gives new strength and vitality. Write for free literature and medical advice to Chief Medical Adviser, 153 Swift Laboratory, Atlanta, Ga.

# The Trail to Prosperity

**S**mall business is essential to our national prosperity and has won for itself an important and an enduring place. But small business, however multiplied, cannot undertake to serve the public in a big way where unity of service is necessary.

This must be accomplished by great, highly specialized organizations, managed honestly and efficiently, and functioning to the benefit of all the people.

Such an organization is the Standard Oil Company (Indiana).

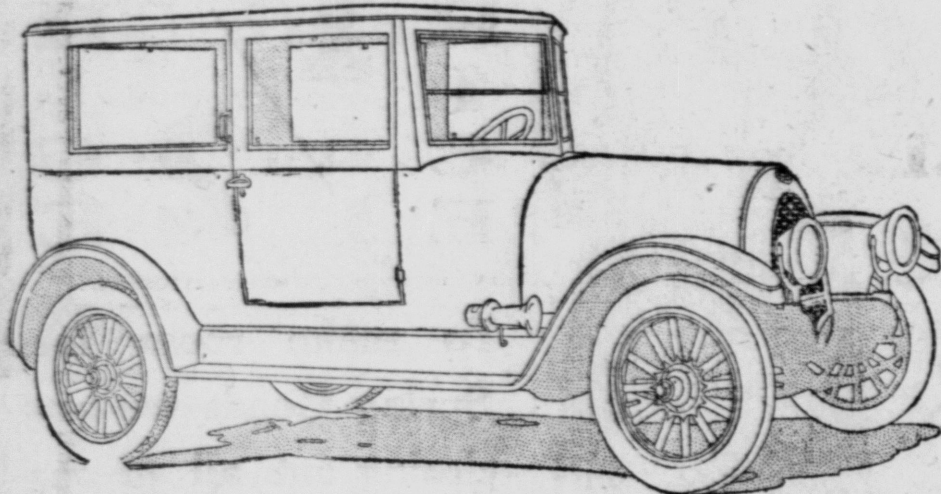

Its business is to refine crude petroleum into the many products needed by the people—to provide a system of distribution which will make them available everywhere, and to sell at a price which is fair to all.

To accomplish this, 25,000 men and women devote all their time, energy, and intelligence to the task, while the stockholders have invested more than \$200,000,000 of capital.

In preparing to meet the demands of industry, agriculture, and motorists throughout the 11 Middle Western states served, the Company is now refining petroleum to the limit of its vast refinery capacity.

It is distributing gasoline, kerosene, and lubricating oils to its bulk stations throughout the territory in order that it may be in position to give immediate service when the Spring and Summer rush comes.

### Rushville Hopes Knocked Into A Cocked Hat by Sandusky Five

Continued from Page One  
All attendance records were broken here last night when it is estimated that 2,000 fans were inside the gymnasium shortly after six o'clock, and surely a similar number of people were turned away. The doors opened at six o'clock and large throngs of people were collected at four doors awaiting entrance.

At one o'clock this afternoon the attendance records for the afternoon games was broken, when the place was almost packed at it was last night. The high school band received large rounds of applause last night preceding the game and this afternoon they rendered another concert before the Sandusky and Rushville game.

A big crowd of people will witness the final game tonight and the game will be called at eight o'clock, giving the two winners this afternoon a few hours of rest before the final game.

**Manilla 38; Raleigh 12**  
Manilla ran true to form in the last morning game when they defeated the Raleigh team by a one sided count, 38 to 12.

Manilla proved to be too strong for the Raleigh aggregation and had an easy time in taking the game. At the half way mark the score stood 20 to 4. The first three or four minutes saw the two teams on a draw, with a tie at four points, but Manilla gradually walked away.

By defeating the Raleigh team, it pitted the winners against Carthage at three o'clock to play in the semi-finals.

The score and summary:

### Carthage 29; Arlington 20

In the second morning game today Arlington loomed up as a dark horse and gave Carthage a dreadful tussle, the game being won in the last five minutes of play 29 to 20.

Arlington offered a big surprise all of the way through and kept Carthage trailing in the first half. Just before half time Carthage went in the lead one point 14 to 13.

By defeating Arlington, Carthage will be pitted against Manilla at 3 o'clock this afternoon, for the hon-

## FORMER SENATOR IS SHOT IN THE WRIST

Henderson of Nevada, Whose Term Expired Yesterday, Attacked by a Crank

### DUE TO PERSONAL GRIEVANCE

Washington, Mar. 5.—Former Senator Henderson, of Nevada, was shot in the wrist today by a crank in his senate office. Henderson's assailant gave the name of Grock and said he was from Nevada.

The police said that Grock was mentally unbalanced. Henderson's friends stated that Grock had disagreed with Henderson over a personal matter about twenty years ago and Grock has followed him about ever since. He came to Washington this week determined to make a settlement with Henderson.

Henderson whose term in the senate expired yesterday, was in his office clearing up his work preparatory to returning to Nevada when Grock entered and demanded to meet him.

Members of his office force asked Grock to wait a minute but he insisted on being admitted to his private office at once.

After hearing the disturbance Henderson came out and stated that it was not convenient to him to see him today. "You will have to wait until tomorrow or some other time," he said.

"I will see you now" said Grock, drawing a revolver, and he began shooting. Henderson threw up his right arm and the bullet hit him in the wrist. Grock was disarmed by Henderson and his office force, assisted by Senator Fernald of Maine, who had just entered the office.

### Sandusky 24; Greensburg 12

In the first morning game today Greensburg was put out of the race, according to predictions when Sandusky eliminated them 24 to 12. This gave Sandusky the right to play Rushville this afternoon in the semi finals.

Sandusky was a little slow in getting started and Greensburg took the lead, but the swift Sandusky team soon began to gain a lead and the first half ended 9 to 4 in favor of the winners.

R. Marlow for Sandusky was the star on the basket while the entire team displayed excellent floor work. Greensburg seemed to be unable to get through and their long shots were useless.

The score and summary:  
Sandusky (24) Greensburg (12)

### GOVERNOR'S DESK HIGH WITH BILLS

Continued from Page One  
The house today killed Senator Ratts' bill limiting the work of the women in industry to 52 hours a week. Action was taken on the motion Representative Miller of Elkhart which recommended indefinite postponement of the measure.

Revision of the qualifications for teachers and legislation for granting licenses were contained in a house bill which passed the senate. The senate reversed its former action in adopting an amendment to a provision that the legislature shall fix qualifications of teachers.

The house anti-nepotism bill which prohibits state officers from employing any members of their families in connection with state business, passed the senate without a dissenting vote.

### HUSBAND ASKS FOR DIVORCE

Orville Easley, colored today filed suit against Mattie Easley, alleging cruel and inhuman treatment. He charges that she threw a lamp chimney at him the day of their separation, striking him in the face and causing a large, ugly cut and bruised place on his face. She refused to cook his meals, locked him out of the house and was quarrelsome, jealous, and high-tempered, the complaint alleges. The couple were married August 4, 1920 and separated February 28, 1921.
